

**IN THE SPECIFICATION:**

Please replace the specification as originally filed with the substitute version provided herewith.

Please further amend the substitute version of the specification as follows:

Amend paragraph [0009] to read:

*N.E.*  
In a technically extremely simple form, this block may be provided as a back stop, [non-return value] as shown in the Figure described below.

Between paragraphs [0012] and [0013] add the heading: -- --

--DETAILED DESCRIPTION OF THE INVENTION--.
